

## J. A. FILLMORE'S RISE

**Manager of the Pacific System of the Southern Pacific.**  
(REGULAR ASSOCIATED PRESS REPORT.)  
**SAN FRANCISCO, Oct. 15.**—The office of general superintendent of the Southern Pacific Company was established today and J. A. Fillmore was given the title of manager of the Pacific system.

A circular letter to that effect was issued late this afternoon by General Manager Kruttschnitt, whose name, together with that of C. P. Huntington is attached to it. The same circular letter also announces that W. G. Curtis is appointed engineer of maintenance of way of the Pacific system and the Un-

in Oregon. Curtis, in addition to the duties of this office, will attend to such duties for the general manager as may come from time to time be assigned him. This makes Curtis's duties practically the same as they were under the late A. N. Towne.

## A NEW RIVER FOUND.

IT IS THE SIXTH IN SIZE IN THE  
KNOWN WORLD.

Prof. Bell of the Geological Survey Traced It Five Hundred Miles to James Bay—Its Average Width is Over a Mile.

(BY TELEGRAPH TO THE TIMES).

OTTAWA (Ont.), Oct. 15.—(Special Dispatch.) Prof. Bell of the Geological Survey, who returned to the city today, reports having discovered a river in the province of Quebec of large dimensions. Shortly after the party crossed the height of land they found an unknown river, which gradually widened until it assumed great size. They followed this river for some distance. The river had three large

pansions many miles in width. It runs through a level clay country, very deep, and may be called the Nile of the North. The river is 5 miles in length, and great stretches it would be navigable for steamers. Toward James Bay, there are successive rapids, which render

useless as an inland route. Those ra  
ids cannot be ascended except with d  
difficulty. The river banks are hea  
wooded with pine, spruce, tamar  
balsam and white birch. The prin  
cipal forest extends along the wh  
length of the stream.

## POSTOFFICE ESPIONAGE

**A GREAT SURPRISE IN STORE FOR  
CHICAGO.**

**One Hundred and Seventy-three  
Carriers to be Notified That They  
Will be Dismissed—Eight Hundred**

**dred Cases Reported.**

(REGULAR ASSOCIATED PRESS REPORT.)  
CHICAGO, Oct. 15.—A special to the Times-Herald from Washington states that the mail which left Washington last night for Chicago carried 173 letters which will create an earthquake among the people. They were all from the same person.

the Chicago postoffice. They were seized by the First Assistant Postmaster-General, and are addressed to letter-carriers in Chicago. They notify 173 men that charges have been filed against them sufficient to cause dismissal from service, and that they will be given 10 days to show cause why they should not be removed. Derelictions of the most serious nature have been disclosed.

The news will come to Postmaster Hensing and the carriers themselves like lightning from a clear sky. The story of affairs disclosed in the Chicago post office and sub-stations has astonished the officers of the Postoffice Department in Washington. The service

been found even worse than it was in Philadelphia, where a wholesale closing-out and reorganization was necessary.

For a period of twenty-eight days, beginning September 6, a large force of special secret agents of the Postoffice Department conducted a systematic espionage of the Chicago letter-carriers. When the reports of the special agents were found that \$900,000

were all in it was found that carriers had been reported. The cases of 173 were serious enough to demand attention individually. It cannot be until their explanations have been made how many of the carriers will be removed. It is safe to guess, however, that at least fifty will be removed, probably fifty more will be placed on the substitute list. Others will be removed from five to twenty days.

According to the gravity of their offenses and the plausibility of their explanations. The secrecy with which the investigation has been managed is one of its most noteworthy features. Presumably not a single carrier knows he has been shadowed by secret agents. Postmaster Hesing knows nothing about it.

The whole undertaking was managed

from Washington, and was the result of long and careful preparation. In relying upon the offenses with which they are charged the same rule will govern. The name of the offending carrier need not be revealed to any one. When final dismissals are made there will be no way to discover the cause in any case, unless the carrier himself reveals it.

**Chopped Up a Tramp.**  
SACRAMENTO, Oct. 15.—Some-  
times, last night a west-bound  
killed a tramp near Ben All Sta-  
on the Haggin ranch. The body  
literally cut to pieces, and there  
way of learning the identity of  
man.

**James McBride's Crime.**

SACRAMENTO, Oct. 15.—George Derman has sworn to a complaint charging James McBride with assault to murder. Derman's son was struck on the head with a large club, wielded by McBride, on Sunday morning, October 6.

SON TO SANTA MONICA.  
Rapid progress on the Bellevue Avenue Road.

Mrs. J. A. Barber of Sharpburg, Ky., states: "For years I was troubled with indigestion in a very bad form. My appetite was poor, and at times I suffered with severe headaches. I saw Ripans Tablets advertised in our town paper and sent to Mr. Sterling for two boxes, which I used. The indigestion is a thing of the past, my appetite is splendid, I have no headaches now, and am gaining in flesh. Ripans Tablets are the best medicine for the stomach, and I always keep them in the house. (Signed) 'MRS. J. A. BARBER, Sharpburg, Ky.'"

Ripans Tablets are sold by druggists, or by mail if the price 50 cents a box is sent to The United States Chemical Co., 1010 Spruce st., New York. Sample list, 10 cents.

THE TRACKING OF THE BELLEVUE AVENUE necessitates a number of quite radical changes in the grade of that up-and-down-hill thoroughfare, where long ago there throbbed the bell of a mule-car line. Considerable cutting down was necessary at some places, and at others, notably at the intersections of Montrose and Pearl streets, fills which are quite extensive and of a mule-car line. Considerable cutting down was necessary at some places, and at others, notably at the intersections of Montrose and Pearl streets, fills which are quite extensive and of a mule-car line.

THE ROUTE OF THE ROAD BEYOND THE JUNCTION, where is a neat little passenger station which has been erected, is not yet definitely determined, but the line already decided upon presents a number of attractions which will be popular to passengers. The road, in fact, now presents a busy scene of men and horses, engaged in grading and track-laying, when the cars begin running there will be plenty of passengers to interest the beholder.

TO CELEBRATE THE OPENING.  
The Northwest Los Angeles Improvement Association held its regular meeting last night at the Hotel California. Plans were proposed for celebrating the opening of the Bellevue Avenue, which begins operations about October 25. The association will make this day one of jubilee in commemoration of its part in bringing about the completion of the road. The line covered extends from Santa Monica, through the city limits, to Santa Monica, thus uniting with one street railway Pasadena and Santa Monica.

TO IMPROVE THE BELLEVUE AVENUE, the credit of regrading Bellevue Avenue at the property-owners' expense, as an inducement to push the road to a speedy completion, was given. The celebration will probably consist of fireworks and speechmaking at the association's headquarters, corner Montrose and Pearl streets. A band will accompany the first car over the entire route. The street will be closed from Main street to Santa Monica, thus uniting with one street railway Pasadena and Santa Monica.

THE IMPROVEMENT OF THE BELLEVUE AVENUE, the credit of regrading Bellevue Avenue at the property-owners' expense, as an inducement to push the road to a speedy completion, was given. ## ALL ALONG THE LINE.

A tide of emigration seems to be turning toward Arizona. A caravan of wagons with five Mexican families from San Luis Obispo, bound for the Territory, passed through Riverside yesterday.

Santa Monica citizens are getting thoroughly awakened on the subject of the boulevard, and will co-operate heartily with the Good Roads Association in securing the early building of the roadway from Los Angeles.

The races are in full swing in Santa Ana and it is reported that the city is infested with gamblers. If taking is kept off the racetrack and confined strictly to the streets, patrons of the fair will not object much.

Although the California State Supreme Court has decided that poker is not a game of chance but of skill, and consequently is not gambling, the Civic Federation of San Bernardino is going to try to suppress the public gaming in that city.

The fact that crime is not confined to the city is made patent by the fact that the Justice of the Peace in the quiet little hamlet of Cucamonga will give a preliminary hearing to three criminal cases today. Assault with intent to kill is charged in each case.

While the country is agitated over the approaching slugging match between the bruiser chieftains, another thrilling sporting item comes from Pomona. A croquet tournament is to be held in that place soon—if the Governor does not stop it.

The thoughtful football player who attended to the cultivation of his hair during the past summer months is now able to rejoice in an exuberant crop of the same, while his less fortunate or more careless fellow is obliged to content himself with a chrysanthemum worn in the buttonhole.

A woman station agent near San Francisco shot at a would-be burglar and scared him off after the fiend had wounded her with a bullet. A San Diego woman, dressed as a man, assaulted a man in the dark with a club by trying to smash his skull. And now comes the report from Tucson of a woman who buys, kills and sells beef to the natives. She is a widow, continuing her late husband's business, and is said to send eatable bovines into eternity with all the dexterity of a Chicago packing-house expert. Who says that the "new woman" is not getting "thar"?

An excellent suggestion comes from Pasadena. It is that schoolhouses should be supplied with water filters. The need is as great in Los Angeles as in Pasadena, for many school children who at home are restricted by careful parents to the use of distilled or boiled water, for hygienic reasons, can drink only the ordinary water direct from the taps when at school. If it is unsafe to drink "raw" water as it comes from the pipes, and many people are convinced that it is, some precaution, which would be afforded in a measure by filters, should be taken for the benefit of school children.

A striking illustration of the remarkable growth made by Los Angeles during the past twenty years is furnished by a photo-engraving on the back of a business card of the local directory company, representing the twelve city directories that have been published in Los Angeles from 1873 to 1895, inclusively. The directory for 1873 bears about as much resemblance to the bulky volume for 1895 as the first issue of the Weekly Mirror does to a Sunday Times of the present date. The volumes for 1880 and 1884 are about the same size, but for 1895 there was a marked advance, the size being as large as any of the preceding ones. The greatest increase of all is in the volume for this year. Further enlargement will have to be made in the shape of smaller type, or else it will need a wheelbarrow to carry the directory around in.

## RACES AT SANTA ANA.

OPENING OF THE ORANGE COUNTY AGRICULTURAL FAIR.

No Agricultural Exhibit This Year—The Free Admission Feature Was a Popular Success—Details of the Speed Events Yesterday.

SANTA ANA, Oct. 15.—(Regular Correspondence.) The sixth annual meeting of the Thirty-second District Agricultural Association of Orange county began today under the most favorable circumstances, notwithstanding the fact that the association this year was handicapped by the taking away of the appropriation that has heretofore been made by the State Legislature for the making of agricultural exhibits.

The fair this year, in the agricultural department, but as the speed programme is unusually good interest does not seem to be lacking.

The opening day was free and fully 2500 lovers of good horses availed themselves of the opportunity to witness an afternoon's good sport, as guests of the fair association.

It was almost 2 o'clock before the flag fell at the quarter post for the first race, a three-quarter mile running dash, all ages, for a purse of \$300. The following galleys started: Dickey and Knight's Metessa, Mrs. J. Wolfkill's La France, M. A. Forster's Bogan, Owen Bros.' Polanka, Longers & Whitney's Lavinia, Al Moran's Hello, Jokey Weber was taken off Metessa and put on the field. Clear was put on the little chestnut mare. Pools opened with Metessa as favorite at \$10, Polanka at \$7 and the field \$4. Mutuels paid \$2. At the first start around at the three-quarter post Starter Richard Brown dropped the flag and the sextette were off down the back stretch. Bogan and Metessa leading. On the turn Metessa showed ahead while Bogan fell back to last place. Lavinia came with a rush on the finish and won the race and first money in 1:15 1/4. Metessa second and second money and La France third and third money. The time was not as fast as was expected.

THE 2-40 TROT.

The second race was trotting, 2-40 class, for a purse of \$200 with the following starters: Pretence's Potrero, Hoy's Charivari, Corey's Lady Thornhill, Winship & Keating's Mariposa and Sander's Rex Gifford. Smith's Gen. Moberly was allowed to withdraw on account of lameness.

First heat—Straight pools sold, Rex Gifford \$15, field \$7. Mutuels paid \$3. After several ineffectual attempts in scoring the five were sent away with Charivari leading by half a length and Mariposa hot after the brown mare. At the first quarter Charivari showed first in 0:25 and the half in 1:08. Rex Gifford lapped the brown mare's sulky. Around at the tank Gifford showed in front and passed the three-quarter post in 1:42. Hodges then made a wide drive up the stretch with Potrero, overhauling Charivari and coming in an open length ahead of the little mare in the pool. Hodges paid \$4.05.

Second heat—Rex Gifford was barred in the pools. Potrero sold. Potrero sold. After the field, Mutuels paid \$4.05.

There was considerable trouble in scoring, but after six or eight trials they were sent away. Rex Gifford at once forged to the lead, passing the quarter in 0:33 1/4 and the half in 1:08. With Charivari about six lengths behind with Lady Thornhill close up. Rex showed at the head of the stretch ten lengths ahead in 1:48, having everything his own way, the race from there home being for second place between Charivari and Lady Thornhill, the latter being driven well and winning the second place by a good open length. Rex Gifford's time was 2:21 1/4, and he came under the wire in a jog. At the draw gate Mariposa jerked off one of her boots, spraining her leg so that she was withdrawn from the race.

Third heat—Mutuels paid \$3.70. Rex again set the pace reaching the quarter in 0:34 1/4 and the half in 1:09. On the backstretch Lady Thornhill and Charivari made an interesting fight for second place, while Potrero came quietly along bringing up the rear. At the head of the stretch Rex Gifford showed five lengths ahead, in 1:45, and led under the wire in 2:19 1/4, winning the race and first money. Potrero was driven hard down the stretch by Hodges and not ineffectively either, for he overhauled Charivari and came very near doing the same for Lady Thornhill. The little bay mare, however, won second place and second money. Potrero coming in for third place and money while Charivari was given fourth.

THE 2-24 CLASS TROT.

Straight pools sold, Lady Grace \$10, field \$5. Mutuels \$2.30.

The third and last race of the afternoon was the 2-40 class trot for a purse of \$200, the starters being: Moberly's Los Angeles, Winship & Keating's Lady Grace, Tryin's Knight, Maberry's El Molina and Taft's Eva T. Bijou being scratched.

On the first score the trotters were given the word and almost immediately Lady Grace went into the air and fell six lengths behind the bunch. Around the first turn, however, she began to work and moved remarkably well up the backstretch, trotting by the three-quarter post in 1:47 1/4. At the five-eighths post, Los Angeles led at the quarter in 0:36 and the half in 1:11. At the three-quarters Lady Grace was ahead, being in 1:47 1/4. Down the stretch she came working easily until the draw-gate was reached, when Schaner sent Eva T. after Knight for the heat all the way. Grace passed the quarter in 0:34 1/4 and up the backstretch it was a regular procession, Eva T. next to Grace and Knight, Los Angeles and El Molina coming in the order named. At the half Grace was credited with 1:06 1/4. On the upper turn she was in 1:47 1/4. Down the stretch she came working easily until the draw-gate was reached, when Schaner sent Eva T. after Knight for the heat all the way. Grace passed the quarter in 0:34 1/4 and up the backstretch it was a regular procession, Eva T. next to Grace and Knight, Los Angeles and El Molina coming in the order named. ## DOPED AND ROBBED.

A SAN BERNARDINO CITY OFFICIAL'S ADVENTURE.

He Came to Los Angeles and Fell Among Thieves—Tale in Which a Murder Story Crops to the Surface.

A swarthy individual, who is said to be no less an individual than a city official of San Bernardino, stopped in Los Angeles Monday night while en route to Escondido, San Diego and Lower California on official business. He did not proceed to his destination yesterday, as had been his purpose, for he was delayed by a most peculiar circumstance.

To cut a long story short it may be briefly stated that the said alleged City Marshal, who would be presumed to be proof against the snares of the wicked, went abroad to see the town and fell among thieves.

When he awoke yesterday morning he wondered at the bigness of his watch and money. It was for the purpose of recovering the valuable and he tarried in the city yesterday. The story of his misadventure was reported to the police as follows:

The man of authority from San Bernardino, where they have fake buildings and things, and where every public official is supposed to be a truly good and virtuous, got away when he struck Los Angeles town, and went forth to have a time where none dared molest him.

He had a look at the town, and of upholding the majesty of the law, he allowed his dignity and morality to relax and began to look for a mask. He did not have to look far, for a short-haired woman smiled upon him and gave him the opportunity he longed for.

No introduction was needed to place the reason he saw another man come out, and the female Philistine speaking terms. When they parted in the street, it was with the understanding that he should meet her in room 28 of the Denver House at 11 o'clock p.m.

After gazing to his heart's content upon the gay as well as the seamy side of life as viewed in Los Angeles north of First street and east of Main on a calm October eve, he wended his way to the trying place. As he approached the room he saw another man come out, but the San Bernardino is not a jealous man. He entered the apartment where the woman of the curtained locks was awaiting him.

Presently his fair companion intimated that she was hungry and that nothing but oysters would stay the craving of her appetite. He did not have to be kicked to take a hint, so they sallied forth to an oyster joint where she made him expend the sum of \$1.00.

Returning to the room, she was overcome by a consuming thirst for beer. He was too tired to make a second trip down stairs, so he went to the bar and ordered a beer with which to quench his thirst.

She rushed it with a will, and shortly disappeared with a pot of steam beer. The man, who had been waiting with a copious draught, then poured some into a glass for her male companion. He drank only a little of it, he says, because he thought he detected in the cup the taste of some narcotic drug.

He suspected that he was doped. Feigning sleep, he said, he detected the woman in the act of fumbling in the pockets of his clothes. He said nothing until morning, when he discovered that his watch was gone and likewise his loose coin, of which there was not a great amount in his pockets.

Instead of raising a great outcry, as a novice in the art of theft-taking would have done, the astute official quietly sent word to the police station for an officer. Sergt. Morton responded, but before he arrived Officer Shand appeared and arrested the woman, who was one with whom he had an experience Sunday morning a week ago, and thereby hangs a tale.

On the occasion mentioned the sergeant and a patrolman were summoned in great haste to the Willard House on South Spring street, where it was alleged a tragedy was being enacted. They found there a woman calling herself Kate Delahanty, who had just been brutally choked, kicked and beaten by her alleged husband, one George Delahanty. Delahanty had made his escape, but the woman's bruised and battered condition showed that he was a bad man when he got riled. The woman said she had been married to Delahanty five years and had two children, who were in Seattle.

Then she gave the officers her alleged husband's pedigree, proving her assertions with documentary evidence in the form of a transcript of evidence taken at a coroner's inquest somewhere in Northern California, wherein it appeared that Delahanty was accused of murdering two men, Peter Patrie and a man named Caseres. The papers also showed that he was tried for murder, but acquitted July 17, 1894. Mrs. Delahanty told of the brutal treatment she received at the hands of her husband and that he had been drinking.

She was advised to swear out a complaint for battery and she promised to do so, but never did.

Sergt. Morton found that the woman who robbed the San Bernardino official was none other than Mrs. Delahanty, although she gave the name of Katie Leslie when booked for petty larceny at the police station, where she was locked up. The stolen watch was found on her person.

After the woman was sent to the station, Sergt. Morton gave his attention to hunting up her alleged husband. He found Delahanty in another room of the same house, and it was he who vacated room 26 to make place for the stranger whom his alleged wife fled.

Delahanty represented to the sergeant that the woman was not his wife. He admitted that he was virtually her "mac." Delahanty, however, claimed that he was a man of means, and was formerly a prominent business man in the northern part of the State, until the Leslie woman came along and entrained him. She ruined him, and it was in the hope of starting a business anew that he came with her to Los Angeles. He said she had two children, but they were with her husband, whom he never saw.

Delahanty was warned to leave the city on penalty of being arrested for vagrancy, but he was a spectator in the Police Court yesterday afternoon to see what would be done with his woman. She was not arraigned, but will appear before the court today.

What worried the San Bernardino man the most was the loss of the check for his valise, which he had left at the Santa Fe depot. The woman was begged to surrender it, if she had it, but she said she knew nothing about it. Her room at the Denver House was searched, but the check could not be found.

**LINE FENCE CASES.**  
Gustave de Laveaux et al. on Trial Yesterday.

The trial of Gustave de Laveaux et al., for disturbing the peace and committing various alleged misdemeanors, took up a good portion of the time in Justice Owen's court yesterday. Attorney Horace Ayres, the attorney for the defendants, was pitted against J. Marton Brooks, Esq., the complaining witness, who was assisting with the prosecution. There were some lively forensic tilts and legal log-rolling.

The trouble arose over the cutting down of a line fence by Surveyor de Laveaux and his assistants. De Laveaux was assured that Brooks had fenced in property that did not belong to him; hence the liberty taken in cutting down the fence. The defense tried to show that the chief disturber of the peace was Col. Brooks himself, who furnished a big revolver in order to drive off the surveying party. Justice Owen took the case under advisement.

(Gilroy Gazette.) It seems to us that the proper place for Irishmen to get up their republic for the green is Ireland, not the United States. The action of the Chicago convention savors strongly of treason to this country.

## Cheap

Things, when they are poor things, cost far more than good ones. Economy does not mean the using of poor things because they are cheap. It means the use of the very best things so as to get the very best out of them.

QUALITIES ARE HERE. EVERYTHING—EXCEPT HIGH PRICES.

Silks and  
Dress Goods.

Everybody knows of the advance on all raw materials; you won't believe such to have been possible when you compare our qualities with our prices; it'll appear as though prices went down, to be sure; but that's the way of the PEOPLE'S STORE people. Every-thing, except high prices.

1.50 DRESS GOODS, \$1.25 yard.  
1.00 DRESS GOODS, 75c yard.

Extreme Novelties in high-class IM-PORTED BOUCLES, CURL CLOTHS, CARREAUX BOUTTES, MOHAIR SICILIANS, representing all that is rich, elegant and fashionable in the new FALL FABRICS; special values for this week in 44-inch SILK-STRIPED BOUTTES, 40-inch SILK MIX-TURES and 44-inch IMPORTED BOUCLES at \$1.25 the yard, and plain and plaid BOUCLES, ILLUMINATED MIXTURES, and SILK-FINISHED MOMIE CLOTH at 75c per yard.

1.50 SILKS, \$1.25 per yard.  
1.00 SILKS, 75c per yard.

All Silk French Novelties, the greatest aggregation of new and exclusive silks we ever had; the values are simply astounding to those who know what SILK prices have been heretofore. STRIPED and BROCADED SWISS TAFFETAS, good and large assortments; fancy Taffeta, GLACE AND CHAMELEON light and dark com-bines, meant to sell at \$1.00 per yard, are 75c; BLACK SILKS of the most re-lia-ble kinds only shown in the most perfect, soft daylight, that hides nothing; brocade and plain Gros-Grain at 75c that were to be \$1.00; new EVEN-ING SILKS are shown, also rich and beautiful shades in Dresden Silks, fancy figures and mixtures; Persian Silks in harmonious combinations, two-tone and Oriental effects, special \$1.50 values of this week at \$1.25 per yard.

1.75 BLACK DRESS GOODS, \$1.25 yd.  
1.25 BLACK DRESS GOODS, 75c yd.

It would be great injustice to leave unmentioned the great values we are giving in fine qualities; everybody knows our popular prices; everybody ought to know that they apply to the finest goods as well; no fancy profits here; imported Black French Novel-ties in the new weaves; new fancy figured Bedford Cords and extra-wide Black Bouches in stripes; Priestley's high-grade standard novelties; this week are \$1.25 per yard and not \$1.75.

BLACK SATIN SOLEIL, 44-inch, Crepe-finish Mohair, and other fancy weaves that ought to have been \$1.25, are 75c per yard for this week.

Just in,  
An invoice of PURITY DOWNS, in stripes, checks, plaids and mottled velvets; double-face flannels, for this week we make the price only 15c yard.

56c SILK STRIPE FLANNELS, 28c.

FRENCH FLANNELS, worth 75c, for 50c.

ALL-WOOL CASHMERES, 25c yard.

They're all just in season, up-to-date styles and patterns. Fall and Winter stuffs, no left-overs, no job lots, all new, fresh, bright goods that have worth and merit. SILK STRIPE FLANNELS that are all-wool, with colored silk stripes running through it; when we say that they are worth 45c, rely upon it that's what they're worth.

The FRENCH FLANNELS are simply an aggregation of woolen loveliness; a combination of 75c value and a 50c price; floral designs, fancy stripes and gothic patterns, light, medium and dark grounds of delightfully-handsome shades, just the thing for wrappers, Children's Coats and Fancy Dresses, Autumn Waists, etc.

Big stock of All-wool CASHMERES, that were made right here in America; and is there anything that can't just be made as fine in America as any-where? Well, rather, we're truly Ameri-can on that subject. 36-inch all-wool Cashmeres, in all shades, only 25c a yard, just to show what America can do.

\$1.50 doz.

Cotton has advanced 60 per cent.; everybody knows the advance on wool; Linens are still creeping upward yet, for this week you'll find counters piled up with Linens and Towels at little prices. A pure linen flax, SATIN DAMASK TOWEL, 24 inches wide and 50 inches long, with a hand-tied, knotted fringe, worth every cent of \$2.25 for \$2.50 per dozen; the same quality and design of towel in 18x40 inches for \$1.75; never before such values as these presented themselves on a rising market, for you couldn't make these under \$2.25 per dozen any-where; another very excellent article in the pure linen line is a \$2 per dozen value in hemmed-huck towels for \$1.50; the size is 20 inches wide by 37 inches long, hemmed and ready for use.

45c SILK STRIPE FLANNELS, 28c.

FRENCH FLANNELS, worth 75c, for 50c.

ALL-WOOL CASHMERES, 25c yard.

They're all just in season, up-to-date styles and patterns. Fall and Winter stuffs, no left-overs, no job lots, all new, fresh, bright goods that have worth and merit. SILK STRIPE FLANNELS that are all-wool, with colored silk stripes running through it; when we say that they are worth 45c, rely upon it that's what they're worth.

The FRENCH FLANNELS are simply an aggregation of woolen loveliness; a combination of 75c value and a 50c price; floral designs, fancy stripes and gothic patterns, light, medium and dark grounds of delightfully-handsome shades, just the thing for wrappers, Children's Coats and Fancy Dresses, Autumn Waists, etc.

Big stock of All-wool CASHMERES, that were made right here in America; and is there anything that can't just be made as fine in America as any-where? Well, rather, we're truly Ameri-can on that subject. 36-inch all-wool Cashmeres, in all shades, only 25c a yard, just to show what America can do.

Just in,  
An invoice of PURITY DOWNS, in stripes, checks, plaids and mottled velvets; double-face flannels, for this week we make the price only 15c yard.

56c SILK STRIPE FLANNELS, 28c.

Muslin Underwear.

We've perhaps been a little derelict in our duty to our many patrons in not telling them of the many nice garments we have in this wondrously-improved department; we've made it a much-talked-of section, though; nice, good things at right prices, like these.

Night Gowns at \$1.00.

Of good, strong muslins and cambrics. Mother Hubbard yokes and pointed yokes; many fine-spaced pleats, cam-bric ruffles on neck, yoke and sleeves, feather-stitched, some trimmed with neat Hamburg Embroidery and Insertions; some with lace and others with ribbon; they're 55 inches long; up to \$1.50 in value, but only \$1.00 in price.

Skirts at \$1.50 each.

Made of the very best of Bleached Muslins, on the dressmaker idea of how skirts should help the fit of the outer-dress; large double ruffles, one of very handsome wide embroidery; we've some, lace trimmed, that are up-to-date; high-class underclothing are they, though the small price would not so signify.

Drawers at \$1.00 per pair.

Quite differently made from ordinary old styles; very wide on the bottom of the legs; nice, soft cambric and good, heavy, strong muslin, with many-spaced pleats and pretty lace and em-broidery edges and insertions.

Chemise at \$1.50 each.

One mass of fluffy, lacy prettiness; softest cambric, trimmed in lace, Ham-burg embroideries and ribbon.

LADIES' 75c APRONS, 50c.

LADIES' 60c APRONS, 35c.

LADIES' 40c APRONS, 25c.

Large White Lawn Aprons, as crisp and as white as the pure snow; as handsome as the prettiest selection of embroideries can make them and as low in price as only THE PEOPLE'S STORE can quote.

Winter Underwear.

Complete assortments and special values at \$1.50 for the purest of all-wool Vests and Pants in many styles: fine Camel's Hair and Natural Wool, non-shrinkable, etc.; at \$1.00 and 75c we show the natural wool, Sanitary and Scarlet Medicated Vests and Pants; our 50-cent lines apply to the best of medium grades of various weight merino, and at 25c per garment we show a superb line of Swiss-ribbed Egyptian Maco Cotton.

## NEWS OF CYCLING.

## OPENING OF NATIONAL CIRCUIT CYCLE RACING AT PASADENA.

The World-beaters Coming to Pasadena First—Those Who Are to Ride in the Santa Monica Tournament Saturday.

Pasadena is to open the National Circuit in Southern California, as the Crown City Cycling Club will open its new track on November 19 or 20, instead of waiting until New Year's day. The first prize in the mile open, class B, is a \$150 unset diamond. The second and third prizes in this event are a \$75 bicycle and a \$40 diamond, respectively. These are the kinds of prizes the world-famous riders that are to compete have been winning back East.

The prizes to be given at the Pasadena meet will be more valuable and costly than were ever before given in California.

There will be seven races, as follows: Mile novice, quarter mile, mile open and mile tandem, class A; mile open, third of a mile and two-mile handicap, class B.

Eddie Bald, his trainer, Asa Windle, and J. P. Bliss and his trainer were highly enthusiastic when they visited Pasadena, and Bald and his trainer had partly arranged last May to winter in fair Pasadena.

Bald, Cooper and Gardner are the world's three fastest riders, and they are all anxious to locate at Pasadena for winter training, as all southern points can be easily reached from that point.

The two carloads of Eastern racing men will reach California early next month and come direct to Pasadena, after racing at San Francisco, San Jose, Santa Rosa and Fresno.

Reduced rates from all points to the big Pasadena meet are being arranged by the railroad.

All the entries are now in for the opening of the Santa Monica track, and the indications point toward a grand meet.

The complete list of entries for the races at Santa Monica Saturday, is as follows:

Mile novice—Charles Stauter, Roanoke Road Club; A. Jones, Riverside Wheelmen; L. S. Freeman, Ontario; W. W. Martindale, Roanoke Road Club; E. Anderson, North Ontario; M. A. Casenobe, Los Angeles; Charles Kuster, Roanoke Road Club.

Mile open, class A—G. B. Cox, Riverside Wheelmen; Charles Stimson, Los Angeles Y.M.C.A.; William Rodriguez, Roanoke Road Club, Los Angeles; C. A. King, San Bernardino County Wheelmen; M. A. ## A STEAMER'S PREDICAMENT.

Escape of the Excelsior from Serious Danger at San Diego.

(Special Correspondence of the Times.)

SAN DIEGO, Oct. 14.—The escape of the steamer Excelsior from serious damage in this harbor several days ago, as has been reported in the Times, was simply short of marvelous. A sketch of the position of the vessel as she rested on the broken piles and the mud beyond, made especially for the

Times, indicates the seriousness of the situation, from which Capt. Higgins finally succeeded in extricating his ship. When about to dock the steamer near the Coronado ferry slip on the San Diego side of the bay, Capt. Higgins signaled the engineer to back the boat.

Instead of doing so, the engines were turned full speed ahead. The powerful machinery drove the steamer forward like a racehorse. Vainly did Capt. Higgins do all an officer could do to clear the ferry slip. The broad bow of the ship struck the huge piles with such force as to cut them off like match sticks. The Excelsior shot through them and ran her nose into the mud on the other side of the slip. This stopped her, but her hull rested on the piles. The accident happened at high tide. For nearly twenty-four hours the ship was held firmly, as indicated in the sketch, and then the tug hauled her off. The weight of the ship had crushed the piles down to the mud line; therefore the hull was not injured.

STEAMER EXCELSIOR IN DANGER AT SAN DIEGO.

Confederate Veterans.

The Confederate Veterans' Association of California met Monday evening at the St. Elmo Hotel. A letter was received from J. M. Elliott accepting the position of treasurer of the association. A committee on membership was appointed consisting of Capt. C. H. Hance, J. A. Root and J. Hendrick and the list of signers as members of the organization was turned over to that committee. Letters were received from various parts of the State in some of which a disposition to contribute to the association was indicated. A committee on finance was appointed consisting of J. M. Brooks and Capt. C. H. Hance. A committee was also appointed to secure permanent quarters for the association. The next meeting will be held on the second Monday in November, at which time the list of charter members will be closed. It is expected the association will be incorporated on the first Tuesday in January.

Orphan's Fair.

The fair at Turnverein Hall for the benefit of the Boyle Heights Orphan Asylum is proving a great success. The booths are extremely attractive and the articles for sale are irresistibly pretty. Some of the embroideries are exquisite and the array of dolls and fancy articles in general is very tempting. Through the kindness of the proprietor of the Westminster Hotel, dinner was provided for over one hundred people, and a most delicious dinner was said to be. The dining-room, where dinner is served each day and supper every evening, is very attractive, with its corps of pretty waitresses and its rows of spotless tables, each decorated with a bowl of carnations. The Museo Mandolin Orchestra furnishes music during the evenings the remainder of the week.

Attorney Appointed for Him.

Robert Hayes, who is charged with changing a \$2 bill to make it appear like a \$10 bill, was taken into the United States District Court yesterday for arraignment. He said he would like to have the court appoint an attorney to defend him and George P. Phibbs, Esq., was named to act in that capacity. Time for arraignment was continued till today.

Stebbins Case Continued.

The case of Mrs. Sarah E. Stebbins, who is charged with taking from the postoffice a letter belonging to another woman bearing the same name, was to come up for trial in the United States District Court yesterday. It was reported she was unable to be present, and a physician was sent to her house by the United States District Attorney to verify the report. The physician reported that she was ill, the case was continued till November 4.

Proposed Postoffice Improvement.

The advisability of a scheme to have sub-stations of the postoffice established at certain places in town is being investigated by Postoffice Inspector Flint. The proposed locations are Westlake Park, Twenty-third and Hoover streets, Adams street and Central avenue, Twelfth street and Central avenue and Seventh and Mateo streets. If practicable it is proposed to sell postage stamps and money orders at these stations and perhaps handle mail also.

Private Maternity Institute.

(Incorporated.) This is the only institute of the kind in the west where ladies who expect their confinement are under the care of regular physicians and trained nurses, and find perfect security. The institute is a specialty for students of Obstetrics (midwifery). J. F. BARTHELMAN, Agent,

327 W. Fifth St. Los Angeles, Cal.

MR. MCBURNEY—Dear Sir: I suffered

with Kidney and Bladder trouble for one

year, was confined to my bed for four

months and had an instrument in my

bladder night and day for three months. I

was so low I had to be turned in bed. I had

two physicians and they gave me up. My

family was called to my bedside to see me

die. By chance I heard of McBurney's Kid-

ney and Bladder Cure. Three doses relieved

me and you have cured me. I have walked

today twenty squares and feel as strong as

when a boy, although I am an old man. I

believe it was the hand of providence that

directed me to McBurney's Kidney and

Bladder Cure, and it is with great pleasure

that I recommend this most wonderful cure

BUSINESS.

FINANCIAL AND COMMERCIAL.

OFFICE OF THE TIMES.

Los Angeles, Oct. 15, 1895.

THE FINANCIAL QUESTION. Commenting upon the fact that there has been scarcely any issue between the two great parties in the State of New York, as far as questions of finance are concerned, the platform adopted by the Democrats being practically identical with that adopted by the Republicans a week before, Bradstreet says:

"The results of the conventions held in New York State go to bear out the impression that in the next national campaign the financial question, except as to matters of detail, which cut no figure just at present, will not be an issue, and if the indications which have come in such numbers from States in almost all sections of the country are at all significant, a pronouncement in favor of sound money may be looked for, which will put the silver advocates in the position of the minority which they really constitute, when regard is had to the country as a whole."

COMMERCIAL.

POMONA ORANGES. The annual report of the Pomona Fruit Exchange shows that the exchange has marketed during the season 3,867,096 pounds, or about sixty-two thousand boxes, of oranges. The gross receipts were \$51,474.60; expenses, \$18,722.21; net to growers, \$32,752.39. The returns distributed to the growers were as follows: On each 100 pounds of Washington navel, \$1.12; chrysanthemum, \$1.05; standard 66 cents; Australian 65 cents; seedlings, fancy 92 cents, choice 40 cents; Mediterranean sweets, 78 cents; budded seedlings, 82 cents; St. Michaels, 85 cents; Woods, 64 cents; Tangerines, 52 cents. The expenses for office packing, etc., have been about 10 cents per box, and it is thought that there will be in addition about 12 cents on each 100 pounds to be distributed as a surplus.

THE WORLD'S CORN CROP. The world's corn crop has averaged about 2,300,000,000 bushels in recent years, 80 per cent of which has been grown in the United States. The Department of Agriculture presents statistics to show the crop in the principal countries as follows: United States, 1,680,696,000; Europe, 611,820,755; Asia, 823,888; Africa, 2,904,793; Australia, 6,777,791; Islands of the sea, 10,147. Produced in 1895, the United States, 1,680,696,000; Europe, 611,820,755; Asia, 823,888; Africa, 2,904,793; Australia, 6,777,791; Islands of the sea, 10,147. The area planted in 1895, the average annual yield in the United States was 1,623,456,470 bushels. In 1894 the area planted in corn in the United States was 72,035,465 acres, and the yield was 1,619,496,137 bushels, valued at \$39,037,831. In 1893 the acreage was reduced to 62,582,269, and the yield to 1,212,770,652 bushels, worth \$18,112,162. The area planted this year has been estimated at 78,000,000 acres, and the crop, being a good one, is estimated to 2,000,000,000 bushels and probably more.

THE SALMON PACK. The latest and most careful estimate places the salmon pack of the Columbia River this season at 668,000 cases of forty-four pounds each. To make a case of canned fish requires on an average twenty pounds of salmon as it comes from the water. The 668,000 cases of salmon, valued at \$3,550,000, are of undressed fish, which at 5 cents per pound, the paid the fishermen, amounts to \$1,767,500.

INCORPORATION. Articles of incorporation were yesterday filed by the Tropic Mining Company, an organization formed for the purpose of mining for gold and silver and other minerals in the State of California and elsewhere. The five directors are: George B. Brown, P. B. Mathiason, J. E. Brown, Frank Lerch and C. A. Runels. The principal place of business is Los Angeles. The amount of capital stock is \$50,000, divided into 500 shares of \$100 each. The amount actually subscribed is \$50.

GENERAL BUSINESS TOPICS.

CHICAGO AND CALIFORNIA. It is claimed by the officials of the Traffic Association in San Francisco that the persistent attack which has been made upon that body by the Chicago Tribune, also the criticism in that paper of the proposal to boom home manufacture in California, has caused by fear that San Francisco will compete seriously with Chicago in the rapidly increasing trade of Salt Lake and Nevada. The Traffic Association, at its present, engaged in trying to force the overland railroads to make lower rates from Salt Lake to San Francisco than to Chicago, which is only fair, as the distance from the Windy City is very much greater than from San Francisco. Meantime, while the Traffic Association of Salt Lake Railroad becomes a fact, Los Angeles will also have something to say in regard to the Salt Lake trade. When that time comes, the Traffic Association of Chicago may perhaps express jealousy of the Chicago of the Pacific. It is time, however, that the Chicago of the Pacific should be reminded that the Traffic Association is growing up in the vast expanse of territory which extends from the Mississippi River to the Pacific Ocean, and that it is unreasonable for Chicago to expect to continue to monopolize the trade of half the North American continent.

A MAILING MACHINE. It seems as if there would never be an end to the invention of new devices to facilitate the publishing of newspapers. The enormous development of the newspaper business, and the fact that the year has created imperative demands for improvement, and it is seldom long before the demand is filled by some skillful inventor.

One of the latest of these inventions is a machine for the automatic folding, wrapping, pasting and printing of addresses on wrappers, which was exhibited yesterday by Mr. Gaden, who is the original and in the rough, as turned out from the shops of this city, but its performance was ample guarantee of its possibilities.

"The interest manifested by newspaper men—the man of the mechanical mind—the man of the pen—will be understood when it is known that there has been hitherto no single machine in existence that could perform this laborious and time-consuming service; that the slow method of getting into the mail has long been felt as a handicap in the run of newspaper manufacture; that the annual meeting of the American Typographical Association at Chicago in 1892, and the encouragement should be given Ameri-

can inventors to produce a machine which could automatically fold, wrap, paste and print addresses on the wrappers of newspapers.

This resolution proved the incentive that resulted in this machine which does all that Mr. Gaden showed yesterday. He had received from the heads of the circulating departments of the New York World, the Youth's Companion, The American Newspaper Publisher, the Philadelphia Record, the Los Angeles Times, and others, all declaring they had never seen or before heard of a machine that could do this work, but that they were, in common with the publishers, eagerly waiting to welcome the appearance of such a one."

## THE ELDERS FIRED.

ARE OFFICERS OF WESTMINSTER CHURCH NO MORE.

A Mild Verdict Caused by Confusion Existing in the Minds of the Fire Defendants.

The Decision of the Superior Court in the Civil Suit Didn't Help Them a Bit.

They Give Notice of Appeal and Will Fight It Out in the Synod with the Rev. Bart Estes Howard.

Ruling Elders Salisbury, Hoffman, Wiley, Avery and Gordon had their turn in the presentation of evidence in the charges brought against them by the Los Angeles Presbytery, yesterday morning. The evidence of the defense was resumed at 9 o'clock, by the reading of some documentary evidence by counsel for the defense, Mr. Gordon. There was read the proceedings of the spring meeting of the presbytery at San Diego, at which a petition from the disaffected members of the First Presbyterian Church congregation, asking for a division of the church membership into two sessions, and the equitable division between the two congregations, of the funds and property of the church, was introduced. The presbytery replied to the petition that they had no right legally to do as the petitioners requested, but that they recommended an amicable adjustment of the difficulties of the two factions. A letter from the disaffected members of the First Presbyterian Church was read, in which they said they did not like the new church site on Figueroa street, and suggested that the advice of the presbytery be followed and the property and money divided. Following this letter came the reply to it in which the congregation said that the members who had petitioned the presbytery were not in a position to receive any money or property, as they were still members of the First Presbyterian Church and, as such, had no distinct organization to which money could be paid or property be divided. A bylaw of the First Church providing for the manner of calling special meetings, was read, to show that the meeting called by the elders in accordance with the law. Some historical articles, referring to the fact that the First Church had been in existence since 1855, were read by Mr. Gordon, but ruled out on an objection being made by Prosecutor Henderson. Mr. Gordon succeeded in introducing the minutes of the First Church, showing that the church was reorganized on January 11, 1874. A telegram from the secretary of the First Church to the Secretary of State, asking when the original articles of incorporation were filed in his office, and the reply that they were filed March 14, 1875, were read.

Some of the members showed an inclination to ask questions calculated to consume time, and Moderator Thompson said he was going to enforce a rule that no one but the attorneys on each side should ask questions. Mr. Hartley and Mr. Stewart looked becomingly meek, and at the first opportunity, broke the rule.

Elder Salisbury resumed giving testimony, interrupted at adjournment Monday evening. He said the committee of the disaffected members of the First Church and the elders could not agree on any basis of settlement because the disaffected were members of the corporation. The congregation was quite angry at the mere suggestion of paying money to the disaffected, and the elders had a hard time allaying the bitter feeling. The elders had obtained legal advice, and they could not conceive of any legal way, in the light of the advice given, to divert the funds of the corporation for payment of the amount awarded to the Central Church by the presbytery. This evidence was rolling off of Mr. Salisbury's tongue very rapidly, when suddenly, Prosecutor Galbraith came from the rear and objected to the evidence. Even one looked surprised at the counsel's tardy oratory, and Moderator Thompson's knowledge of the rules of evidence was not equal to the emergency. He said all well in, and Mr. Galbraith relapsed into somnolence. The witness said the advice given them was all against paying the money, and it was said that the unanimous consent of the congregation would be necessary to justify such action.

"We never received any advice to pay the money," said the witness. "It was all the other way and we were warned that if we did pay, the money we would get into trouble."

Again Prosecutor Galbraith showed up with a late-in-the-day objection, and the evidence was ruled out. "The session clerk had \$5000 on hand, raised among us by collections, but not belonging to the corporate funds, and we thought we could raise about \$5000 in the same way. That is the reason we offered to pay \$10,000."

Mr. Galbraith became curious at this point, and wanted to know how the members of the session were attempting to settle the matter. The witness knuckled out Mr. Galbraith by answering that they were straining every point to raise money, by extra collections, in anticipation of a possible amicable settlement. Mr. Salisbury then added: "We tried to settle with them for weeks, but they wanted about \$20,000, and we thought they were not entitled to so much. We never attempted to pay the award made by the presbytery, and received no notice of the meeting held in Mr. Salisbury's office except at the meeting of the presbytery, in which we were not permitted to sit as delegates. I was never elected an elder of Westminster Church, or notified of any appointment as such by the presbytery, but was present at its meeting when the appointments were made. The presbytery committee advised us, but did not order us, to resign our offices."

Elder Hoffman corroborated Mr. Salisbury, and Mr. Gordon took the stand. Mr. Gordon said: "I attempted to induce the congregation to agree to a basis of settlement, and some of them became quite violent. I used the word 'appropriation' in conversing with the Central Church members to avoid trouble, also. They objected to the word 'donated' and asked us if we considered ourselves a donation party. The legal objection to the payment of any money out of the corporation funds to Central Church was always in my mind, and I was of the opinion that the presbytery was not able, legally, to do what they attempted to do. From my standpoint as a lawyer I thought we were entitled to official notices of the actions of the presbytery in organizing our session and elders into the session and elders of Westminster Church, and awarding \$25,791 to Central Church from the corporation funds."

In reply to a question by Mr. Craig, of the Prosecuting Committee, whether he made his individual opinion the criterion in questions of right and wrong, the witness became dramatic and replied: "My judgment, aided by the compass of God's Word, is all I have to go by."

The suspended minister, Mr. Howard, was the next witness for the defense, and said the session of the First Church had seriously considered the advice

of paying Central Church \$10,000 in cash and presenting it with the church furniture, amounting to about \$15,000 in all, and a committee from Central Church said that the amount was not enough, but that \$18,000 might be considered. No promises were made and no resolutions authorizing the payment of any sum was ever adopted by the First Church session, but the offer was made in an off-hand way through the presbytery, so there could be no appearance of compulsion by force of circumstances in the matter. We did not ask the presbytery to attempt settlement, but claimed the right to settle the money question ourselves. No record was made of our negotiations, but it was understood that we should insist upon the presbytery restoring our name and historical continuity. We were acting for the church session. The noon hour having arrived, at this point, an adjournment was taken till 1:30 o'clock.

ATTENTION SESSION.

Upon the reconvening of the presbytery at 1:30 o'clock the defense announced that they had finished and J. H. Stewart, moderator when the First Church was divided, took the stand for the prosecution to give rebuttal testimony. In the opinion of the witness, formed from considerable experience in the ministry and from a term as moderator, the circumstances of the offenses of the elders giving rise to the prosecution were extraordinary and called for an extraordinary exercise of the episcopal power. The General Assembly has decided that a presbytery may divide a church and, said the witness, it appeared only reasonable to suppose that if the church membership could be divided the church funds and property could be divided also. Those considerations alone impelled him when he urged prompt and determined action in the presbytery. Mr. Gordon wanted to know if the witness had ever studied law, and received a negative reply. Then Mr. Gordon wished to ascertain if the witness was satisfied of the legal right of the presbytery to divide the church. Mr. Stewart replied "Yes." The counsel for the defense was quite amused at this apparent inconsistency and tried to get the witness to tell how he happened to have such a legal knowledge if he had never studied law. Mr. Stewart, with one of his quiet, comprehensive smiles, replied that he was quite certain that the presbytery was right, and Mr. Gordon gave up the fight in despair.

When Mr. Stewart left the stand some unimportant documentary evidence was introduced and at its conclusion the prosecution announced themselves as through. Mr. Gordon also was through, but desired to present some views on the question of the guilt or innocence of the accused. Mr. Gordon argued a long time on all the evidence that had been introduced in the case and was brought to a stand several times by Prosecutor Henderson, for talking on matters not in the case at all. Mr. Gordon would cool off and get back in the middle of the road and pretty soon away he would go outside the court and Mr. Henderson would call him back and the argument would proceed. He was rapidly drawing to a close when Superior Judge J. W. McKinley strode down the aisle and whispered into Mr. Gordon's ear. Mr. Gordon's face was temporarily illumined with a bright smile and he informed the presbytery that the Superior Court had decided the civil suit in favor of the First Church. Mr. Henderson took occasion when Mr. Gordon had finished to say that the Supreme Court would have a chance to overrule the Superior Court in the matter.

The presbytery then retired and met in secret session. After considerable discussion as to the sentence which should be pronounced against the offending elders, the following findings and sentence were adopted and, upon the reconvening of the presbytery as a judicial body, were read by Moderator Thompson:

"The Presbytery of Los Angeles, having heard the charge of contumacy in resisting the authority and orders of the presbytery preferred by the Prosecuting Committee of this body against Ruling Elders J. C. Salisbury, J. K. Hoffman, H. C. Wiley, M. T. Gordon, and H. T. Gordon, constituting the session of the Westminster Presbyterian Church of Los Angeles, and having carefully considered the testimony introduced by both parties, together with the arguments and explanations which have been offered as well by the accused as by the Prosecuting Committee, is constrained to decide that the said charge against the said ruling elders, J. C. Salisbury, J. K. Hoffman, H. C. Wiley, M. T. Gordon, and H. T. Gordon, constituting the session of said Westminster Church, has been fully proved. The presbytery, having diligently considered the whole case, does hereby unanimously adjudge and determine that the said session ought to be and is hereby dissolved. The reason for this mild sentence is that presbytery recognizes the confusion in the minds of the several members of this session as to how best to obtain redress of seeming wrongs, and that they have taken the mistaken and rebellious way in this confusion. We desire to give every possible opportunity for the members of this dissolved session to show their future loyalty to the Presbyterian church, and for this as brothers in Christ, we will continue to hope and pray."

"J. H. STEWART, Moderator."  
"ROBERT STONE, Secretary."  
"ALEXANDER PARKER, H. N. BALDWIN, J. M. COYNER."

Mr. Gordon gave notice of an appeal to the synod and asked for a temporary stay of execution. The stay was denied by the moderator.

THE COMMITTEE'S STATEMENT.

LOS ANGELES (Cal.) Oct. 15, 1895.

To the public: The undersigned were members of the committee appointed by the congregation of the First Presbyterian Church to select a site and purchase a lot for the new building.

We have been fully cognizant of all the facts connected with the transactions which led to the unhappy difficulties that have arisen out of the removal of the church to a locality so remote from that of the old church. We have also been aware of the fact that there has been a persistent effort on the part of some to place the responsibility of such removal on Mr. Howard, and many persons in the community, both in the Presbyterian connection and out of it, have been led to believe that such is the case. As a committee, and as individuals, we unhesitatingly say that the charge is untrue and utterly unjust to Mr. Howard. He had nothing whatever to do with the matter. He was not consulted, and did not offer his advice. He took no part in the discussions, and did not attend the meetings held when the matter was under consideration.

It has been used to his discredit and disadvantage by members of the Los Angeles Presbytery, by the Central Church counsel in his argument before the civil court, and by others who either did not know the facts or deliberately misrepresented them, and we make this statement as a matter of simple justice to Mr. Howard.
